

TO CHECK INFLUX OF HINDUS TO THE U.S.

Immigration Legislation Amended to Empower Authorities at Ports of Entry to Pass on Eligibility of Hindus Coming From Insular Possessions.

Washington, June 20.—To check further complications of Pacific coast problems by the untrained admission of Hindus and the Malay races of Asia to continental United States from the American insular possessions, Secretary of Labor Wilson, on the recommendation of the commissioner general of immigration yesterday made a far reaching amendment to the immigration regulations.

The recommendation authorizes immigration officials at ports of entry to reject aliens coming from the insular possessions unless it should appear that at the time of entry thereto they were not members of the excluded classes or likely to become public charges.

This action was the outcome of the case of three Hindus who arrived at San Francisco from the Philippines and were detained on the charge that they would become public charges. The circumstances in this case, however, caused Secretary Wilson to order the admission of the Hindus.

Several thousand Hindus live in the Philippines and at large number in Hawaii. It has been the practice to open the door of the United States proper to those races until the present time when they had certificates showing they were educated and passed at an insular port of entry.

The regulations are now amended to empower immigration authorities on the main land to pass on the eligibility of Hindus coming from the insular possessions.

TO SEARCH FOR TRACES OF ANDRE'S EXPEDITION

Swedish Explorer Will Visit Eskimos to Secure Any Further Data.

New York, June 20.—Christian Lestry, the young Swedish explorer, who brought back from Northwest Canada, in 1911, Eskimo Indians, is apparently giving additional light on the supposed fate of Professor Andre, left tonight for Montreal on a journey to the northern coast of Canada, where he will spend a year and a half or two years in exploring the Arctic. Lestry said he expected to obtain further information regarding Andre's expedition, who started in a balloon for the North Pole in 1907. The explorer has a full description of all the instruments in Andre's equipment and will be able to identify any such articles that he may find in the Arctic's possession.

The explorer previously told him related to the descent from the sky of a "large bubble," containing two people, thought by him to be Andre and his companion, who were killed by arrows and the other left to his fate when the natives became frightened and fled.

LONGSHOREMEN REFUSE TO HANDLE THE CARGO

Demand as Condition Higher Rate of Overtime and Hours Within Which It Shall Be Loaded, 25 Cents Per Hour Being Asked.

Vancouver, June 20.—On the arrival of the steamer *Marmion* today, a cargo of cotton, the longshoremen refused to handle the cargo until the employers met their demands with higher rate of overtime and the hours within which it should be unloaded. The men, who are paid 25 cents an hour on the wharf and 45 in the hold and overtime of 75 and 85. The companies are willing to pay straight time and the trouble has arisen over their refusal to pay the overtime demanded. A number of Russians, who were on the wharf, were induced by the L.W.M. to refrain from working at the boat. The strike will extend to Victoria and Prince Rupert.

CANNOT RECOVER LOSS FOR EROSION BY RIVER

Court Decides That Is Not Ground for Charge of Fraudulent Selling.

Vancouver, June 19.—The B.C. Court of Appeals has decided that if a man has a farm, supposed to contain one hundred acres, and finds, on surveying it after paying for it, that only fifty acres remain because of erosion of a river, he cannot recover the value of the lost property from the seller, no allegation of fraudulent selling having been made.

SIR WILFRID TO TOUR ONTARIO AND QUEBEC

ONTARIO, June 20.—Sir Wilfrid Laurier intends to tour Ontario and Quebec and address a series of meetings in both provinces before his next session of Parliament opens. The meetings will begin during the latter part of August and continue during September. Sir Wilfrid will spend the next month at the capital and hold talks with friends in the mountains of the New River and States. His residence at Ardenhamville is being enlarged and greatly improved this summer, and the leader of the Liberal forces to spend quietly there a considerable part of the succeeding summers.

The Farmer's Dream—The Hired Man's Nightmare

PROVINCIAL GOVERNMENT WILL NOT RE-ESTABLISH LAW OF IMPRISONMENT FOR DEBT

Request of Wholesalers Will Not Be Accorded in This Connection

FULL PROTECTION FOR THE HONEST DEBTOR

No Change in Law Exempting Small Farmer's Stock and Land From Seizure

That the Government of Alberta is opposed to making the law regarding debtors more stringent than it is at the present time was the information given by a delegation of about twenty representatives of the British wholesale houses in Edmonton, who last night spent with the provincial general, Hon. C. W. Cross. The meeting was called to discuss with Mr. Cross matters of commercial law affecting the wholesalers, with the intention of getting legislation passed which they claimed to be necessary in the interests of their business.

Except householder. The prominent matter discussed from the law regarding commercial law from seizure for debt of a farmer's land and stock. Under the present law a farmer's land and stock, under a certain limit, cannot be seized by creditors. If the farmer is wealthy and refuses to pay his debts the merchant can recover by the usual methods, but in the case of a householder, with a few head of stock and his team of horses, the law says that no merchant who has extended credit to him shall be able to seize his land or stock in settlement of such debts. The subject of the law is to prevent a man from being taken away from him and to ensure him being given an opportunity to recover from any misfortune which he may have encountered, without being hampered by having his earning power curtailed.

Protect Earning Power. In reply to the wholesalers, Mr. Cross made it very plain that the Government considered that in a new country such a law was necessary in order to give the settler a fair chance, and that the Government would not be prepared to consider any proposal which the law gave a right toward the honest debtor that it is at the present time. Mr. Cross said it was absolutely necessary that a farmer's occupation be protected, his stock and land being just as necessary to his capacity to earn his livelihood as a carpenter's tools were to the carpenter.

Too Severe Penalty. Imprisonment for debt was another phase of commercial law which was discussed. Mr. Cross stated that he had been instrumental, as one of the members of the Government, in abolishing the law of imprisonment for debt and he was sure that there was no disposition on the part of the Government to replace imprisonment for debt on the statute of the province.

Italians and Arabs in Battle. Rome, June 20.—In a severe battle fought by the Italian troops and the Tripolitan Arabs at El Agheg yesterday, one Italian officer and seven soldiers were killed and five officers and 217 men wounded. According to an official dispatch from Rome, General Salas surprised a native camp and hand fighting ensued, lasting one hour. The Arabs, he reports, were subsequently routed. Their losses were unknown.

Confederation of Medical Profession in the Dominion

Just 1st Will See Inauguration of Canadian Medical Certificate Allowing Doctors to Practice in Any Province—Provincial Certificates Will Still Be Granted, Giving Limited Scope.

Ottawa, June 19.—The Dominion Medical Council, which has been in session in Ottawa for the past three days, continued this afternoon. The organization under the Dominion Medical Act was completed and the by-laws and regulations were adopted for submission to the government, whose approval is necessary. Arrangements were also made for the first examinations. They will begin at Montreal on October 7. The Dominion registrar will sit at Ottawa, July 1st, which is not only Confederation Day, but also marked the confederation of the Canadian medical profession. The first annual meeting will be held here on June 14th of next year. The council, which comprises 22 members, representing the provinces and universities, appointed a committee, headed by Dr. J. H. Roddick, president, to prepare a list of twenty examiners, all of whom are medical professors.

Work of Dr. Roddick. The final completion of the council marks the completion of a scheme of medical reciprocity, which has long been advocated. The moving spirit in it was Dr. T. G. Roddick, of Montreal, the president. Hereafter there have been a series of provincial councils, which license holders good only in the provinces where they were issued. The provincial councils are not abolished, but a medical graduate who now passes the Dominion council, may, without further examination, practice anywhere in Canada upon registering with the provincial body. The diploma is granted to the highest rank in the Canadian medical profession. Physicians of good standing for ten years before October, 1912, may secure it without examination upon payment of a fee of \$100.

Provincial Certificate. If a medical graduate locates in any province and intends to stay there, the Dominion examination will not be necessary. He cannot, however, practice in any other province on the strength of the provincial license. This privilege is granted only to those who pass the Federal council or register without examination after having practiced ten years. The fundamental principle of the bill is to do away with dualism and to provide that a physician who secures the Dominion certificate may practice in any province without the necessity of undergoing an examination before the provincial authority.

From Dr. Roddick, minister of the interior, who convened the first council meeting in Ottawa last October, were selected an honorary member, and

H. S. SNEYD, one of the Secretaries of the Dominion M.C.A., who is going to Vancouver, B.C., for the Dominion Council of its Association. Mr. Sneyd will organize the British Columbia group of Vancouver and expects to see a B.C. C.A. building erected there.

Dr. W. H. Powell, of Ottawa, is the registrar. The first name on the Dominion register will be that of Dr. Roddick, the president and father of the act. The act was first passed by the Dominion parliament and afterwards ratified by the different legislatures.

American Medical Association. Minneapolis, June 19.—Dr. Victor C.

Vaughan, of Ann Arbor, dean of the medical school of the University of Michigan, has been elected president of the American Medical Association. There were five candidates in the race on the first ballot—Dr. Vaughan; Dr. W. S. Withers, of Indianapolis; Dr. H. H. Hays, of Los Angeles; Dr. W. L. Rodman, of Dr. John H. Deaver, of Philadelphia. Three were eliminated on the first three ballots and the vote on the fourth gave Dr. Vaughan 63 votes and Dr. Withers 38.

Other officers elected are as follows—First vice-president, Dr. Walter Green, Ky.; fourth vice-president, Dr. C. Todd, Minneapolis; 2nd vice-president, Dr. Lillian, South Bowling Green, Ky.; fourth vice-president, Dr. R. O. Kahn, Salt Lake City, Utah; secretary, Dr. Abraham Craig, Chicago; treasurer, Dr. Wm. Allen Pusey, Chicago.

Atlantic City was chosen as the next place of meeting.

THE HARDWICKE STAKES

London, June 20.—The Hardwick Stakes, 2,000 pounds, one mile and a half, was won at Ascot today by Col. C. Lambton's four-year-old Lancer, by John O'Quinn-Sandown, 4 to 1. J. B. Lee's Blue Stone, 5 to 2, was second, and James De Rothschild's Fort Pool, 5 to 4, third.

—From now until closing time tonight we expect a crowded Chinaware Section—the last day of our great sale of Dinner Sets will bring out the tardy ones. Never before has it been possible for us to offer you such exceptional values in this section, and it would be mighty poor merchandising now if it were not for the fact that we need room so imperatively. As we told you the fore part of the week these Dinner Sets, some 500 in all, were ordered for shipment until the completion of our new addition. The manufacturers failed to follow our instructions and we had no spare space in which to store them. So for the sole purpose of a quick clearance, we inaugurated this great sale, and the manner in which our 500 sets have disappeared is proof positive that we are offering some exceptional values.

—There are still a few patterns of each kind remaining—just enough to cause a brisk selling tonight. Be here early—it's an opportunity that no economical housewife can afford to overlook.

—DON'T ALLOW THIS OPPORTUNITY TO PASS BY—NEVER AGAIN WILL IT BE POSSIBLE FOR YOU TO TAKE ADVANTAGE OF SUCH FAVORITS.

HUDSON'S BAY COMPANY INCORPORATED 1870

Canada Smokes 200,000,000 More Cigarettes

Total Consumption for Twelve Months Was 275,585,561—
Drinking Increases

Ottawa, June 20.—Canada people are consuming more tobacco and drinking more beer and wine than ever before, according to figures for the year, and the increase is very remarkable. In 1912, more than 200,000,000 cigarettes were smoked last year than in the previous twelve months.

The liquor revenue department has completed its annual statement giving figures for the fiscal year in respect to these matters. The consumption of spirits per head of population was 1.12 gallons as against 1.05 gallons in 1912; beer, 5.66 gallons, compared with 5.29 gallons; and wine, 1.12 gallons compared with 1.11 and 1.02, 2.31 gallons, compared with 2.19 in 1912. Figures on consumption include cigarettes, but the latter are also dealt with separately. The consumption of cigarettes totaled 275,585,561 cigarettes, as against 270,000,000 in the fiscal year 1912.

It is reported that 112 companies in Toronto have signed their will to increase to grant the 40 per cent which the corporation is seeking to establish as a minimum rate. The union men are holding off until at least two-thirds of the companies have declared in favor of the increase before allowing their members to return to work. They would prefer to see every large of an early settlement.

Electrical workers, members of Local 425, of Winnipeg, have succeeded in negotiating a scale providing for an increase of 50 per cent. The street railway company, the city light and power department and the provincial government are the largest employers of electricians engaged. Another 300 members employed by various concerns in the city are also "lined up" for another year from June 1.

LABOR WORLD DOINGS

LABOR MEN MEET AT MEDICINE HAT ON JULY THE 11TH

Municipal and Election Laws
One of Main Subjects
of Discussion

The Alberta Federation of Labor will meet at Medicine Hat on July 11th. The meeting will be held at the Hotel Victoria, and will be presided over by J. J. Hackett, Secretary of the Federation. The main subjects of discussion will be municipal and election laws, and the labor union of the province of Alberta.

The official call reads as follows:
To the officers and members of central labor bodies, district boards, trade councils, allied councils, United Farmers of Alberta, and the local trade and labor unions of the Province of Alberta:
The first annual convention of the Alberta Federation of Labor will convene in the City of Medicine Hat, at 10 a.m. on the second Friday of July next, and will continue in session until the business of the convention is completed. The convention held in September one year ago, and which formed the Alberta Federation of Labor, chose Medicine Hat as the place for the first annual convention. It is the hope of the Federation that the convention will be a success, and that it will result in the improvement of the business in hand.

Many Important Changes.

LABOR COUNCIL CENSURES MAYOR SHORT

Regarding the recent statements of English laborers in connection with the street railway employees' strike, the Labor Council at their meeting this week passed the following resolution: That the Labor Council of this city express its disapproval of the statements made by the English laborers in connection with the strike of the street railway employees. The council also passed a resolution that the English laborers be asked to withdraw their statements, and to return to their work.

Whereas, the statements made by the English laborers in connection with the strike of the street railway employees, are a disgrace to the labor movement, and are a reflection on the labor union of the province of Alberta, and

POSTAL CLERKS IN CONVENTION DEMAND MANY REFORMS

Political Pull to be Abolished
Are Exhorting Organizers
to Strengthen their Hands

The postal clerks of the west, who are now holding a convention in Calgary, are demanding many reforms. They are demanding the abolition of political pull, and the strengthening of their hands. They are also demanding the abolition of the system of electioneering, and the strengthening of their hands. They are also demanding the abolition of the system of electioneering, and the strengthening of their hands.

This is the first convention of the postal clerks of the west, and it is the first time that they have met in Calgary. They are demanding many reforms, and they are demanding the abolition of political pull, and the strengthening of their hands.

The convention will be held at the Hotel Victoria, and will be presided over by J. J. Hackett, Secretary of the Federation. The main subjects of discussion will be municipal and election laws, and the labor union of the province of Alberta.

The official call reads as follows:
To the officers and members of central labor bodies, district boards, trade councils, allied councils, United Farmers of Alberta, and the local trade and labor unions of the Province of Alberta:

The past year has witnessed many important changes and moves.

The minimum to the maximum, was without the restrictions now existing, providing that the power be given to the state to do its work right, to what they demand of the department.

Request of House.
The clerks also want rules and regulations to govern their work, hours of labor and holidays. At the present time there are no such rules and the orders are now given by the local executives and there are hardly two offices in the country run alike. The local conditions are not general, according to the clerks, but each office is governed by different rules and regulations, which the clerks think that men in some of the offices are suffering from hardships through one month power being left in the hands of the postmasters.

The clerks want sanitary offices and they also want pay for overtime.

A striking incident in connection with the Toronto conference, already mentioned last week when fourteen delegates engaged on several small stores in that city dropped their tools and left the job because the contractors had taken the law into their own hands and began several union captives.

Throughout Canada

Retail store clerks are organizing in Calgary.
Bakers' men are on strike in Toronto for a nine-hour day and ten per cent. increase in wages. Some 200 men are affected.
Brotherhood of Carpenters' Union in Medicine Hat is making a special effort to organize in that district, with the assistance of Executive Board member A. Marshall, of Montreal, and Carpenter Union, of Edmonton.

There is a rumor of further trouble among the construction camps on the Little Valley line. The camps are beginning to fill up with the newly imported humans, who are unable to speak a word of English.

The statement that some were before killed for food in Nova Scotia, has received further confirmation in a report received in the recent Presbyterian conference at Toronto. When

Delegates elected by Winnipeg Typographical Union, to attend the Montreal convention of the Trades and Labor Congress of Canada, are J. H. Stanger and Joseph Clinton. Joe is well known among printers of Vancouver and Victoria, and hails originally from Hamilton, Ont.

As an aftermath of the recent convention in this organization in that city, some three hundred of these men last week decided to form an organization. They then their partial victory unopposed; but, as was predicted at the time, they discovered the value of united action, and the need of a permanent union.

Duncan McLaughlin is the new president of Toronto Typographical Union. George Cassidy and Robert Elliot will represent the union at the international convention, and James Shannon and James Stevenson will attend the convention of the Trades and Labor Congress in Montreal in September.

**COWARDICE OF MEN
COST WOMEN'S LIVES**
Details of Drowning Accident at Banff
Indicate That Four of Five Men
Left Two Young Women to Drown
and Save Themselves.
Banff, Alta., June 20.—Mrs. Ballou
and Lily Sutherland, each twenty-five
years of age and employed at the
Banff Springs Hotel, were drowned
late yesterday afternoon when a raft
which carried them, careened over
Spray Falls. The two girls and five
male employees of the hotel were
standing on the raft which was in
the embankment of the confining
of the Banff and Spray rivers. The
fastening broke and the raft rushed
out into the swirling waters of mid-
stream.
Four of the men, whose names can-
not be learned, sprang overboard an
swam for shore leaving the women in
their fate. The fifth man made frantic
efforts to run the raft to safety but
failed. As it dashed over the fall-

Heath Hengshaw.
Moose Jaw, June 19.—Under the
direction of Surveyor Ross, of the
Canadian government, a large party
is now at its headquarters at Hen-
gshaw, to the south of here, where
they will spend the summer. The
party has just arrived here and will
survey and map out coal lands. Large
amounts, such as the Commercial C.
Company, Ltd., have been largely in-
strumental in getting this movement
under way.

A CASE IN POINT
Written by Industrial Commissioner Hall
Did you ever stop to think that
many of the goods which are im-
ported to Edmonton can be pro-
duced by our own manufac-
turers, who have their money
invested in enterprises at home,
who contribute their share to-
wards the expense of government,
who pay out handsome sums
every week for home labor, and
who are doing what they can to
make Edmonton a city of home
products?
Here is an illustration: Edmon-
ton is a great candy consuming
city. Everybody likes sweets.
The total sales in local confection-
ery stores for the month of May
amounted to \$100,000. This is a
large sum of money, and it is in-
creased every year in and year out.
Thousands of dollars are ex-
pended every month by Edmonton
buyers on this confection.
Of this money goes to pay for
and create profits for an imported
chocolate. From England and
from the United States come in-
creasing imports of this candy.

Now right in Edmonton there is
a concern which manufactures
chocolates of a very superior
grade. Its plant is located in the
heart of the downtown district. It
employs Edmonton labor, it is an
Edmonton institution, its man-
ney is invested in this city. It is
one of the altogether too few in-
dustries upon which the label of
"Made in Edmonton" can be
placed.

And that concern, having its
home here and producing goods
as good a grade of candy as its
foreign competitors, is in com-
petition in this city with capital-
imported manufacturers of other
other lands. What character of
support is being given this home
enterprise? Answer that, you
who have been in the habit of
buying chocolates imported to
Edmonton for the sake of obtain-
ing a trade mark?

Edmonton has been too long a
commercial city. It is at the part-
ing of the ways. It must add to
its manufacturing output. It must
so situated that it can command
a magnificent inland empire of
trade. The market is at its door.
Commercially, Edmonton is mak-
ing wonderful progress. In the
manufacturing sense it must go
ahead or drop to the rear.

With the resources of cheap
fuel Edmonton can be made a
manufacturing centre of no mean
proportions. But before that is
possible Edmonton people must
realize the vital necessity of sup-
porting home industry. All the
talk about civic pride and the
future of Edmonton will mean
little unless its citizens learn the
practical necessity of leading their
assistants to the "Made in Edmon-
ton" propaganda.

Whenever a consumer in Ed-
monton buys an article manufac-
tured elsewhere, which can be
turned out by an Edmonton man-
ufacturer just as good and just
as cheap he does that much to
retard the growth of this city as
an industrial community.

Dr. Roche Sells for Home.
London, June 20.—Hon. W. J. Roche,
minister of the interior, and Miss
Roche, called for home today by the
steamer Victorian leaving her way
in great Britain. Dr. Roche visited
his family and in return, with his
wife and six children, will leave for
the work being carried on by them.
He informs the C. A. P. that he will
probably open other offices in cen-
ters where some now exist.

**PUTS BIG CLUB
IN THE HANDS OF
THE PRESIDENT**
May Suspend Free List to Nations
Which Discriminate Against
U.S. Products
Washington, June 20.—An amend-
ment to the Underwood tariff bill
adopted yesterday by the majority mem-
bers of the senate finance committee
would give the president of the United
States authority to suspend certain
rates in the proposed law and to pro-
claim special rates against nations
which discriminate against products
of the United States. The amend-
ment is appended to the clause giving
the president authority to negotiate
reciprocity agreements with other na-
tions and in some respects resembles
the Payne-Aldrich tariff law, elimi-
nated in the house bill.

In substance, the amendment would
grant the president when he dis-
criminates against the products of the
United States or imposes restrictions
against United States exports or de-
nial, in the opinion of the president,
regardless of trade relations, the pre-
sident may, in trade relations, suspend
certain rates and put in effect other
rates.
American Wins Semi-Final.
London, June 20.—Wallace F. John-
son, of Philadelphia, today defeated
W. C. Crawford, of England, in the
semi-final rounds of the open singles
in the London tennis championship
tournament. The contest of the
day's match was 7 to 5, 7 to 5, 4 to
6 and 4 to 4.

**BUMPER FRUIT CROP
IN ONTARIO ORCHARDS**
Nagara Peninsula Will Have Huge
Crop of Fruit, According to Pro-
minent Fruit Men—Frosty Have
Done No Damage.
Toronto, Ont., June 20.—"There is
a bumper crop of fruit in the Na-
gara peninsula this year," declared
Ed. Smith, a prominent fruit man of
Winona this morning. Reports have
been received from the growers of
no damage, but evidently they were
unfounded.
The strawberry crop is rather light,
but this is not due to frost. Cher-
ries, plums, peaches and pears are
all thriving, according to the
present indications, there will be a
first class supply.
"We expect the crop to be a bumper
one," are the words of Mr. Smith.

**MANY BLIND FISH
IN SASKATCHEWAN**
Vigorous Campaign Started to Clean
Out Blind Fish in the
Province.
Regina, June 20.—That nearly all
the pool rooms of the village of Sas-
katchewan will be closed by the
sheriff's office will give a good
idea of the statement made today by
a detective attached to the provincial
license department.
The statement was made in view of
the vigorous campaign now started
to clean out of Saskatchewan "blind
fish," as they are known, who are
the cause of the liquor recently
passed in the province.
Many blind fish, throughout the
province, have been arrested. They
were taken out of their places at An-
derson, the proprietor going to jail
for six months, as he was not able to
meet the fine of \$250 imposed on him
by the magistrates.

**Danish Nobility On
Ready-Made-Farm**
Count and Countess Tramp Come
to Alberta From Denmark to
Live on Farm
Count and Countess Tramp
have just arrived in Alberta
from Denmark. They are direct
of the nobility of society life
in the old country and wish to
live a free life in a country
where they can make them-
selves useful members of society
and engage in a profitable oc-
cupation without losing the res-
pect of those among whom they
live. They declare that it was
impossible to do this in Den-
mark.

Count and Countess Tramp
have bought a ready-made farm
from the C.P.R. In order to
avoid meeting wealthy people
and so that they might get to
know the life of Canadian im-
migrants the count and countess
travelled colonist class from
Montreal to their destination in
Alberta.

**HARVARD WON EASY
VICTORY OVER YALE**
Climax Four-Headed Crew Bumped
Home Five Lengths Ahead of Yale
Stardust in Annual Event at New
London.
Regatta, Canada, New London,
Conn., June 20.—Harvard won an
easy victory over Yale today in the
four-headed rowing race, the
unbeaten boat crew exposing the
unbeaten Yale five lengths ahead of
the Yale crew. The contest was held
in a heavy rain and the rippled
surface of the Thames raised again.
The official time of the win-
ner was 11 minutes and 27 seconds
plus 12 strokes and 11 seconds.

**VERDICT GIVEN IN
PARIS IN UNIQUE
SUIT OF A VIOLATOR**
Captain Dickson and Captain Thomas
Sue Each Other for Violation
of Airplanes.
Paris, June 20.—A verdict was
given yesterday in a unique
case brought by two airmen, Captains
Dickson and Thomas, to deter-
mine who was responsible for an
aviation accident in Milan in
1910, when two aeroplanes were
in collision.
The judge decided that Dickson
was responsible and was con-
demned to pay \$10,000 damages to
Thomas and \$5,000 damages to the
makers of the aeroplanes, in one of which
Thomas was flying at the time.
Thomas claimed \$15,000 damages,
while Dickson claimed \$20,000.
The judge's decision was the result
of the accident and the destruction
of his Farman bi-
plane.

LABOR DISPUTE IN MAY.
Citizens June 20.—The record of
trade disputes maintained by the de-
partment of labor shows that in
June of this year, the majority of
the disputes occurred during the ad-
justment of new wage schedules. There
were nearly all of short duration. A
great number of the disputes of the
month occurred among workers in the
metal trades. The disputes of May
affected upwards of 11,500 employees.

**Blood Clot At Base
Of Brain Was Cause
By Blow On The Jaw**
Medical Testimony at Trial of
Pelkey at Calgary on Charge
of Manslaughter
Calgary, June 20.—Pelkey's trial on
a charge of manslaughter resulting
from the death of Lester Michio,
was continued this morning in the
Supreme Court. The case for the pro-
secution is still far from completion,
and it is unlikely that the case will
go to the jury before Monday evening
or Tuesday morning.

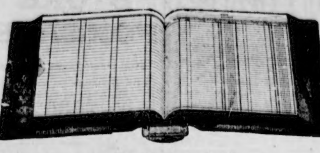

This morning's session was occupied
with the taking of medical evidence.
Dr. Michio agreed to a large extent
with the testimony of Dr. Michio who
performed the autopsy. On one point
he differed. He did not think that
the subdural of the fourth vertebra
was in itself sufficient to cause
death, but believed that the blood clot
on the base of the cranial cavity was
largely responsible. He agreed that
this clot was caused by violence.

Dr. Chamberlain gave it as his opinion
that the mobility of the spinal canal
and the clot at the base of the cranial
cavity were the result of the blow
which he saw Pelkey strike Michio
on the back of the head. He testified
that the blow on the brain was formed be-
fore death.

**BANKING BUSINESS
DEALT WITH IN BILL**
Administration Attorney Bill in En-
acted States Congress Provides Basis
for Legislative Action.
Washington, June 19.—The adminis-
tration attorney bill was made public
yesterday by Representative Glass cham-
berlain of the house committee on bank-
ing and currency. It will be introduced
in the house and senate after
President Wilson has delivered in per-
sonal address to congress on Mon-
day. An outline of the measure pro-
vides for the establishment of a "na-
tional reserve fund," states that
it will be a law over in detail for
all banks, and states that it is
purpose is to accomplish three prin-
ciples, namely: (1) To provide for
re-insuring commercial paper of
reputed type, a basis for elastic
money, (2) To insure the security
of money for foreign banking business.

**GALICIAN WOMEN
SHOT SECTION MEN**
Committed for Trial at Rosthern—
First Shot-Gun Three
Times.
Rosthern, Sask., June 20.—Metro
Hagen, a Galician woman, was com-
mitted for trial at Rosthern, Sask.,
on a charge of shooting. It is al-
leged that she fired a shot-gun three
times at a section man, who was
men who had asked for a lantern
when their gasoline kerosene broke
down. One of the men, William
Hansen, received twenty-four shots
in the face and it was a serious wound.
Two others of the party were
also wounded, but not seriously. The
woman was taken to the hospital
for treatment. The men claim that they
gave the woman no provocation for
her act.

"AN OPEN BOOK"

MADE IN EDMONTON

Have you ever noticed how difficult it is to post in a ledger that has a rounded surface? We have binders especially constructed to overcome this difficulty.

OUR ROUND-BACK BINDER GIVES A FLAT WRITING SURFACE

And then, again, that Special Binder you had to get from the East, and wait months for—why not have it made right here and save that valuable time? the most recent adventures of Albert Wyndham, special correspondent for the Daily Mirror, London, who is now in the city looking for material both in prose and picture for his paper.

Mr. Wyndham is a young man with a ruddy face and fair curly hair and fine physique. He is healthy, but does not look it, and the adventures which he has passed through, and which would have caused many people's hair to turn grey, are merely as the salt of life to him—a marine taste which makes his green and butter, earned by his methods, all the more palatable.

Mr. Wyndham is one of the few journalists who combine picture taking with writing, and wherever he goes he has both means to tell the readers of the Mirror—all over the world—the record of his travels and experiences. The town of Mir, Alberta, is called after this famous London paper, and while he is out here Mr. Wyndham will take pictures to show the readers of the Mirror how their town has grown since its birth, two or three years ago. Mr. Wyndham is registered at the Royal George Hotel.
